

Product Lifecycle Notification

Date: 06/15/2022
Region: NA, EMEA, LATAM, APAC
Product: victorWeb
Brand: American Dynamics

Scope

victorWeb, the browser-based component of American Dynamics victor Unified VMS, will cease to be developed with new features or included in the installer package beyond the v6.0 release. We are pleased to announce that a new web-based VMS platform is under development and will provide expanded video performance and streamlined user experience.

Technical support and critical security patches will be maintained in alignment with our policy of supporting software for 3 years from date of release.

Product Lifecycle Milestones	Effective Date
End of Development – Date when the last version of the software was released or will be released. Software is still available for sale and will receive critical security and technical support.	June 6, 2022 – victor v6.0 release
End of Sale – Date that software will no longer be available and no new orders will be accepted.	September 1, 2022
End of Support – Last date of technical support, critical software patches, and repair services.	August 1, 2025

We apologize for any inconvenience this may cause you; however, our teams are prepared to assist you to ensure a smooth transition. If you would like to discuss any of the above, please do not hesitate to contact your Area Sales Manager (ASM).
